Mental Illness Awareness Week, observed annually in the United States during the first full week of October, it is a time dedicated to raising awareness about mental health conditions and eliminating the stigma surrounding them. This week-long event provides a platform to engage in open, honest conversations about mental health and encourages individuals to seek support and treatment when needed.

Boy Scout troop 137 has played a vital role in shaping young people's character, leadership, and citizenship for 80 plus years. The need is greater than ever for leaders who want to share their knowledge and youth who want to learn outdoor and life skills. Youth that are interested in joining must be between 11 - 18 years old.

While troop leaders and scouts themselves are at the heart of every troop's activities, the broader community can have a significant and lasting impact on the success of scouting programs. Community involvement can offer resources, encouragement, and opportunities that benefit everyone.

Whether through volunteering, donations, mentorship, or simply showing up to support troop events, every contribution makes a difference. By working together, the community and scouts can build a brighter future for everyone. If interested in helping the troop in any way, please contact

Scoutmaster Scott Hart at (803) 517-7714 or email Scott at hartsot1973@gmail.com or Oliver Dowdle at (803) 627-0706 or email at oliver.dowdle@icloud.com

If you have something you would like to have us share in our monthly newsletter, please contact Sharon Town Hall at 803-927-1927 or townofsharon@comporium.net.
